

Junior Registration

<<Changes to the registration method for Aichi Junior Personal Registration>>

The method for applying for new registrations or continuing individual registrations, which was in place until 2023, has been changed as follows from April 2024.

- 1) Change from "application for registration via affiliated organization" to "application for registration by individual"
- 2) Players who have completed their initial registration will be automatically renewed every year from the following year, and the individual registration fee will be deducted from their credit card or registered account.
- 3) Players who are applying for new registration must complete their initial registration, so they must register through the Individual Application System.

In addition, payment of membership fees will be changed to credit card or direct debit. Furthermore, the Aichi Personal Identification Number will be abolished and personal registration will be managed through JPIN ("Japan Personal Identification Number"; for more information, see the [JTA website](#)).

Personal registration of junior tennis players with the Aichi Tennis Association

The Aichi Tennis Association has been accepting individual junior registrations since 1992. This is done in order to ensure that the tournament can be prepared and run efficiently, and also in the hope that by registering individuals, they will become more aware of themselves as junior players.

The Japan Tennis Association (JTA) has also launched the Junior Player Identification Number (JPIN) to create a national junior ranking system. Players who apply for junior personal registration with the Aichi Tennis Association will also be applied for registration with JPIN at the same time.

For more information about Junior JPIN, please click here. -> https://www.jta-tennis.or.jp/registration/junior_jpin/tabid/681/Default.aspx

Purpose

To create a player ranking list and use it as information for seeding and selection of participants for each tournament (hosted, authorized, or sponsored by the Tennis Association).
